3 important things to help keep alcohol out of the hands of kids:

- 1. Refuse alcohol sales whenever you are in doubt. It is your legal right.**
- 2. Always ask for ID from anyone who looks under 30 years old. There is no need to guess the customer's age.**
- 3. Always follow your establishment's written policy for alcohol sales and service. It is designed to protect you, your employer and the community.**
